

BEATTIE
PADOVANO LLC

LOCAL GOVERNMENT LAW

Beattie Padovano, LLC can provide excellent counsel to our clients on local government matters because of the experience our attorneys have serving local, county, and regional government clients.

Our representation of municipal, county, and regional governments includes general matters such as public contracting, bonding and litigation; redevelopment agencies in connection with large and small-scale development. We assist planning boards and zoning boards and taxing authorities in connection with real estate tax appeals, and local governments in defense of tort actions. We have also counseled municipalities in condemnation and eminent domain proceedings.

We are scrupulous in avoiding conflicts of interest, but the experience we have in this area allows us to better counsel our private clients on the intricacies of local governmental matters.

Our clients include the County of Bergen, the Bergen County Improvement Authority, boards of education and many other municipalities, boards, and agencies.
