Martindale-Hubbell:

Martindale-Hubbell® Peer Review Ratings™ are the gold standard in attorney ratings, and have been for more than a century. Attorneys looking to refer a client, as well as individuals researching lawyers for their own legal needs, use these ratings to identify, evaluate and select the most appropriate lawyer for their legal issue. Combined with the Martindale-Hubbell® Client Review Ratings, self-reported professional credentials and other fact-based performance data, a Peer Review Rating contributes to the comprehensive view of a lawyer and benefits the entire legal community.

Martindale-Hubbell® facilitates secure online peer review surveys of lawyers across multiple jurisdictions and geographic locations, in similar areas of practice as the lawyer being reviewed. Reviewers are asked to assess their colleagues' general ethical standards and legal ability in a specific area of practice. A confidential threshold number of qualified responses is required to achieve a Martindale-Hubbell® Peer Review Rating™.

Super Lawyers List:

Super Lawyers is a rating service of outstanding lawyers from more than 70 practice areas who have attained a high-degree of peer recognition and professional achievement. This selection process includes independent research, peer nominations and peer evaluations.

Super Lawyers selects attorneys using a patented multiphase selection process. Peer nominations and evaluations are combined with independent research. Each candidate is evaluated on 12 indicators of peer recognition and professional achievement. Selections are made on an annual, state-by-state basis. The objective is to create a credible, comprehensive and diverse listing of outstanding attorneys that can be used as a resource for attorneys and consumers searching for legal counsel. Since Super Lawyers is intended to be used as an aid in selecting a lawyer, we limit the lawyer ratings to those who can be hired and retained by the public, i.e., lawyers in private practice and Legal Aid attorneys.
